(FireAnts coin address start with A or B)
the wrapping service can take up to 30 min
Check out:
https://bscscan.com/token/0xcd845749201e07c678563bc5ef
7534c85550d496
The amount of FireAnts coin wrapped will be minted as
BEP-20 token to your BSC address.
What to do if the wANTS are not visible in my wallet?
Add the following smart contract to your wallet:
0xcd845749201e07c678563bc5ef7534c85550d496
Symbol [wANTS]
Decimals: 18

How to unwrap wrappedFireAnts [wANTS] back to FireAnts chain?

Go to: https://wrapping.services/get/ants/
Ensure the setting is: Swap wANTS -> ANTS
Enter the amount of wrappedFireAnts [wANTS] you want to unwrap to FireAnts chain
Enter your FireAnts coin address (FireAnts coin address start with A or B)
Enter your e-mail address (optional)
Click on "swap"
Send the amount of wANTS coin to the BSC address shown (ensure you're sending wANTS only, no other coin or toke are accepted). The wrapping service can take up to 30 min
Check out:
https://explorer.fireants.online/
and enter your FireAnts coin address, once unwrapped the FireAnts coin will appear in your wallet.

Hint ANTS coin [FireAnts chain]:
Keep your FireAnts wallet (qt-wallet) unlocked, to win ANTS coin staking rewards – this way you actively support the FireAnts chain!
You need the wallet? Download here:
https://fireants.global/index.html#features14-10

Hint wANTS [wrappedFireAnts on BSC]:
visit: https://yieldfields.finance/
here you are able to trade and yieldfarm with your wANTS!
